MEMORANDUM FOR COLONEL ALFRED McCORMACK
ROOM 217 MAIN STATE DEPARTMENT BUILDING

SUBJECT: Resources Potential Program

1. I am informally passing the attached paper to you for your advance information and consideration. This is the paper on the Resources Potential Program about which we have talked on the telephone. I promised you a copy of this paper after the Executive Committee of the Army and Navy Munitions Board had acted upon it. In spite of the fact that the Executive Committee has not yet acted upon the paper, I think it advisable to let you have the paper for consideration.

2. Whether the final settlement of the procedure and nature of the Committee formed to handle the problem is in accordance with this paper or not will depend somewhat on the results of various efforts now being made to formulate some sort of a unified top intelligence agency. In the meantime, I would be glad to have any comments you care to make on the problem as presented in the attached paper.
